

*"I oppose the Marriage Equality Bill 2009 because the institution of marriage, as designed by God between a man and a woman, is solid, secure and safe.*

*1.Solid; because this first and oldest institution in the history of mankind is ordained by Almighty God and He Himself performed the very first marriage.*

*2.Secure; because this all-important union brings together the law of our land and the love of our Lord.*

*3.Safe; Because this holy invention is God's idea and thus it will stand the test of time and succeed over the trends of life.*

*Please register my strongest opposition to the bill before the Senate proposing same sex marriage."*
