

To The Senate Legal and Constitutional Affairs Committee:

I oppose the Marriage Equality Bill 2009 because it would completely change the meaning of marriage and why God created it.

“As the Scriptures say, “A man leaves his father and mother and is joined to his wife, and the two are united into one. This is a great mystery, but it is an illustration of the way Christ and the church are one. So again I say, each man must love his wife as he loves himself, and the wife must respect her husband.” – Ephesians 5:31-33

For so many reasons more than what we as humans can understand, marriage was created to be between a man and a woman only. If you look at the differences between a man and woman, how we are created, the different feelings and emotions, how we relate to each other and even down the way we are physically designed, it shows that God created it in perfect balance; to have a man and a woman joined in Holy matrimony and to be together as one and have offspring.

I am 100% against same sex marriages. We were not designed for it, it was never in God’s plan, and before him it is an abomination.

No human will ever benefit from it, but more than likely any human connected with a same-sex marriage will find ongoing ramifications for generations to come.

Please register my strongest opposition to the bill before the Senate proposing same-sex marriage.
