

Dear Sir / Maam

I am not sure if this this is the correct avenue to voice my opinion on same sex marriages.

If not please forward.

Families are facing unprecedented pressure and are are falling apart everywhere

We will pay the price with our youth being lost.

This has great social and financial implications

We should be building families not demeaning them

The value is lost if a husband and wife do not commit and raise their children

Please keep marriage as it should be intact

We are all very concerned

Yours sincerely

DAVE BUGLER

DIRECTOR
