Subject: Reviewing the new (repealing) bill on euthanasia.

Dear Committee Members,

Re: Senate standing committee (on Legal and Constitutional Affairs).

I understand that the Committee is reviewing the new (repealing) bill on euthanasia.

I reject the power of a government to prevent us making such basic decisions over our own lives, and suggest that the kinds of precautionary NT regulations which Dr Philip Nitschke observed in his work provide adequate protection against feared abuses of euthanasia rights.
