Dear Sir,

It is the Democratic right  
of every individual to choose for himself the  
right to die with dignity.

I spent five (5) years of  
my life in 1939-45 fighting for what I  
thought was freedom, and all I ask now is  
freedom of choice.

Warily I have the right to now  
choose the right to die on my own terms  
and in my own time.

Yours Hopefully,

James Henry Craft.
