Please do not allow euthanasia to be legalised for the following reasons:

- 1) If euthanasia becomes legal it will put pressure on the vulnerable to be killed arising from economic pressures. The vulnerable and infirm may be made to feel that by dying they would be alleviating the financial burden on the family may feel that it is their duty to die.
- 2) It will adversely affect doctor-patient relationship. The elderly or infirm patient would wonder if the good doctor course of treatment is euthanasia.
- 3) It promotes a culture of death. Therefore it promotes other forms of murders such as infanticide, killing of the mentally sick or disabled, etc.
- 4) I have no wish to see my taxes being used in any way to promote murder.
