Subject: Senate enquiry, Euthanasia Laws Repeal Bill 2008

Please be aware that I support euthanasia for requesting terminally ill people.

I believe that in a democracy each person should be given the right to make their own decision on this matter, and not be subject to the whims of others, usually the religious people in our society.

I note that all the surveys indicate that 65% to 70% of Australians surveyed agree that euthanasia should be permitted.

With these percentages, to deny the choice of euthanasia to terminally ill Australians is a blight on democracy and control by a minority, who believe they have a right to tell the rest of the population what is best for them.

I applaud all senators who support the Euthanasia Laws Repeal Bill 2008.

Please direct my email to the Senate Committee Enquiry in Support of the Rights of the Terminally Ill
