Subject: Rights of the Terminally Bill (Euthanasia Law Repeal)

I'm a terminally ill person and wish to express my support for the right to decide my own destiny and determine the appropriate time for me to adopt euthanasia as the final form of treatment in order not to prolong my own sufferings and sufferings of my family members. And by doing so, I'm also able to stop the unnecessary drain on national health budget which cud be better used on those who have a much better chance of survival.

Yours faithfully
