***Proforma letters******Submissions from care leavers (Submission 370)***

The committee received many submissions from people who spent time in institutional and foster care during childhood. Most of these submissions were in the form of a standard letter, to which people added details of the place or places where they were in care. These submissions were each accepted, but listed only once as Submission 370. Where a person also sent a personal submission different to the standard letter, that submission is listed separately.

***Submissions regarding mental health funding and the justice system (Submission 154)***

Many submitters sent in a standard letter concerning lack of funding for mental health issues, and over-representation of people with mental illness in the criminal justice system. These submissions were each accepted but listed only once, as Submission 154.

**Responses to adverse comment**

Under Senate resolutions persons who may have been commented upon adversely in evidence are provided the right of reply.

Listed below are responses received to adverse comments made in evidence.

- 1 Dr Ruth Vine, Director Mental Health, Victorian Department of Human Services. Response to Submission 195, dated 21 July 2005
