

TO WHOM IT MAY CONCERN.

I am approaching retirement age... when I do retire I will not be able to afford to run a car. I live 10 minutes drive from the nearest vet. I am greatly concerned about how I will manage to get my two small, well behaved dogs to the vet when that time comes. I would relieve me of a great deal of anxiety to know that I could simply take them on the bus when I had need of it. Please please allow this to happen.

Yours faithfully,
Julie Bauers
